FY 2026 Mid-Year General Fund Revenue Report-Final (003).pdf;

Dear Budget and Finance Policy Committee,

On behalf of Henry and our Finance Department, attached please find a memo consisting of updated revenue projections for FY 26 – FY 30. We will be discussing this at budget and finance tomorrow. In addition to the information contained in this memorandum, we are finalizing a presentation that will consist of information on the fiscal impacts of new development and department revenue enhancements, as requested by the committee. There is also a presentation being finalized on Fund 501, our capital improvement fund. The presentations will be sent to you as soon as they are ready. I will also share this information with the clerk so that it can be uploaded to the committee website. We are looking forward to the discussion tomorrow.

David White (he/him)
Deputy City Manager
