Subject : Information Request-Marina Fund Cuts/Proposed Reappropriation-AFSCME Local 1
Attachment : Outlook-image002.j.png;Outlook-image003.j.png;

Good Morning,

AFSCME Local 1 has begun reviewing the data in the Budget and Finance Committee meeting packet for tomorrow's meeting. I believe we will have additional request for information as we complete our review, but after an initial review and meeting with membership we have the RFI below for processing.

- Costing for the position of Marina Manager (identified for elimination)
- Costing of the position of Senior Marina Assistant (referenced as proposed new for FY27)
- Projected Marina Fund Balance at the end of FY26, FY27 and FY28
- Projected revenue shortfall from the Doubletree lease for FY26, FY27 and FY28 and any successor agreements made with the Doubletree to assure revenue generation
- Timeline for possible execution of the lease option related to 199 Seawall
- Five-year revenue projection for 199 Seawall upon lease option execution
- Annual General Fund infusion to the Marina Fund for FY23, FY24, FY25, and FY26

We appreciate your attention to this matter.

Sincerely,

Justin Pitcher, CPRP
